## Brandy Lane's The Station

December 5, 2012

### **MIGHTY MACHINES RUMBLE ON SITE OF THE STATION CONDOS ON THE SUBWAY** **Ground-breaking brings Toronto's unique uptown address one step closer**

Brandy Lane's The Station came one step closer to occupancy last week with one of the biggest milestones in the building process — ground-breaking, a great moment when builder, buyers, neighbours, and every passer-by can really catch the excitement of this outstanding new community. There's just something about huge bulldozers playing in the dirt that electrifies the imagination.

Pictured (L-R): The Station's development team Marco Ventola, Steven Wise, Justin Wise, Michael Wise, David Hirsh, William Glied, Zan Stern and Mark Cohen.

It'll be about four months of excavation now before work begins on the underground garage; once that's done, things move quickly — if the winter is anywhere near as kind as fall has been, we might be celebrating [The Station](#)'s topping-off come summer.

In addition to its location right on the subway in a neighbourhood poised for a stunning, pedestrian-driven transformation — where The Toronto Star says “something's happening ... that will leave it forever changed” — and amazing amenities that are unique in the entire city, right now it's easier than ever to buy at [The Station](#).

With its E-A-S-Y Program, [Brandy Lane](#) offers a generous payment-matching program that makes it possible for renters to get off the merry-go-round of paying their landlord's mortgage and into a home of their own.

For full details on the E-A-S-Y Program, visit the Presentation Centre on Tippet Road, right behind the construction site on Wilson Avenue, call 416-398-9777 or visit the [thestationcondos.com](http://thestationcondos.com).
